Annual Report
2009

Mission Statement

The mission of bluesPAC is to provide its members with a collective opportunity to be involved in the political process for the good of the organization and the communities it serves by supporting candidates whose political views are closely aligned with those of Blue Cross Blue Shield of Michigan, Blue Care Network, LifeSecure, and the Accident Fund Insurance Company of America.

Message from the Board

2009 was a year of many changes. The bluesPAC board went from a six member board to an eight member board allowing for greater member representation. Michigan's 95th legislative session began bringing with it 46 new state representatives. Within the enterprise many of our friends, colleagues and long-time PAC supporters took advantage of the voluntary severance offer reducing our workforce.

On a personal level, we all saw and felt the constraints of the struggling Michigan economy. We are grateful that in spite of this you continued to support bluesPAC. bluesPAC affords us the opportunity to have our voices heard in Washington, D.C., in Lansing and in many local municipalities. This is especially important during these hard times as lawmakers are more likely to take drastic measures in hopes of driving change. Our continued representation is critical to the future of our organization. Thank you for recognizing this with your continued loyalty.

2009 Key Issues

2009 was a year of change within the Michigan Legislature as it gave us the best glimpse to date of the effects of term limits. The House of Representatives saw the largest influx of freshmen members since term limits became effective in 1993. The members of the Michigan Senate continued to serve the third year of a four year term.

The Governmental Affairs team monitored 129 pieces of legislation that had a potential impact on Blue Cross Blue Shield of Michigan and our subsidiaries in 2009. While the lagging Michigan economy created a large focus on balancing the state budget for the third year in a row, much focus was also put on health care related issues. BCBSM was able to work with State Legislators on many issues to ensure the best outcome for the enterprise. Some of the highlights of the 2009 legislative session follow.

Individual Market reform

The legislative debate over Individual Market Reform in Michigan continued at the state level as Sen. Tom George and Rep. Marc Corriveau work to iron out differences in competing versions of legislation. While both Chair's have agreed to address areas that have contributed to Michigan's broken individual market, they have not yet agreed on needed regulatory changes. Additionally, while the bills contain similar consumer protections, the legislators also differ on several points, including how they would pay to expand access to the state's estimated 1.2 million uninsured.

Recent changes in the efforts surrounding the federal reform process have prompted Representative Corriveau and Senator George to become very committed to moving forward with some sort of reform package while both agree that any compromise will need to address access, affordability, and fairness in the individual market.

In 2010 BCBSM will continue to build on this progress of 2009 and work to implement the six principles of reform that are necessary to the enterprise, which are:

- Fix Michigan's health care system correctly and comprehensively by year-end.
- Improve the marketplace for consumers by preserving long-term affordability and accessibility of health coverage.
- End the era of cherry-picking the young and healthy and rejecting the old and sick. It should be an industry standard to accept everyone.
- Create a fair, balanced and predictable method for setting rates.
- Expand the safety net for Michigan residents by requiring all health insurers to share the responsibility for covering populations most in need.
- Preserve the Blues as a nonprofit organization and secure our ability to fulfill our unique mission and continue to invest in Michigan communities.

Public Employee Health Care

The Speaker of the House, Andy Dillon, continues to advocate for his Health Care Pooling plan that would place every public employee in the state under a standardized health plan. Proponents contend that pooling health care dollars will save the state nearly \$900 million annually. Opponents argue that this move will ultimately negate the ability of employees to collectively bargain for their health benefits.

In late December, the Public Employee Health Care Committee established five separate workgroups to discuss various components of the Dillon Plan. The workgroups held a number of public hearings through the month of January 2010, with many reporting their recommendations to Chairperson Byrnes in early February 2010. BCBSM will continue to follow this and any other public employee health plan proposals to ensure the best outcome for the enterprise.

Chiropractor Scope of Practice

For many years legislation has been introduced that would expand the scope of practice for chiropractors in Michigan; 2009 was no different. After extensive negotiating with the chiropractors, Senate sponsors, and the Economic Alliance of Michigan, BCBSM was able to amend the legislation to be less detrimental to the enterprise. BCBSM was also able to secure additional legislation that included non-reimbursement language to further protect the enterprise.

Every year BCBSM works to curb state legislation that is detrimental to the enterprise such as mandates and scope of practice expansions. BCBSM will continue to work with the Michigan Legislature in 2010 while looking forward to a newly elected legislature in 2011.

Federal Legislation

On the federal front, 2009 ushered in the arrival of a new administration in the White House and along with it a major shift in public policy initiatives on a federal level. President Obama made national health care reform a major part of his campaign platform and moved quickly to try to align the Democratic majority in Congress behind the lofty goal of reforming the nation's health care system.

After nearly a year of intense negotiations and debate, the United States House of Representatives and United States Senate finally passed separate versions of a national health reform bill. While both versions included many positive steps towards achieving national health reform such as requiring all insurers to guarantee issue, prohibiting the use of pre-existing conditions and requiring high medical loss ratios, both versions also contained many problematic measures as well.

The House version narrowly passed by a vote of 220-215 on November 7 while the Senate version passed along a party line vote of 60-39 in a rare Christmas Eve vote. Blue Cross Blue Shield of MI was successful in working with Congress to make the following changes to H.R. 3590 prior to passage:

- **No Government Plan**

BCBSM worked to ensure that the government plan was eliminated which would have likely underpaid providers and undermined the employer-based model of health care.

- **Modifications to the Insurer Tax**

BCBSM successfully worked with members of the Michigan Congressional Delegation to delay the insurer market share tax until 2011 and phase in the tax starting at \$2 billion in 2011, going up to \$10 billion for years 2017 and beyond. Language that exempts certain nonprofit insurers that meet very stringent requirements, including having a medical loss ratio over 100% in the individual market, was also included.

- **Strengthened Individual Mandate**

BCBSM was successful in strengthening the penalties for those individuals who choose not to comply with the individual mandate. Under H.R. 3590, those individuals would have to pay a penalty of \$95 starting in 2014, \$495 in 2015 and \$750 in 2016 and beyond or income based penalties starting at 0.5 percent of income in 2014, 1 percent in 2015 and 2 percent in 2016 and beyond.

- **Level Playing Field**

BCBSM was successful in inserting language that ensures all entities that provide health insurance in a state are regulated equally so there is a level playing field. This will require all players to abide by the same market reforms (guarantee issue, pre-existing conditions rating factors) in order to increase competition and drive down costs for the consumer by avoiding adverse selection.

2009 bluesPAC Board of Directors Overview

The New Year brought change to the composition of the bluesPAC board of directors. On January 1, the board expanded from six members to eight. It was also the start of a new two-year term for our members-at-large.

The eight member board met bi-monthly throughout 2009. In accordance with the governmental affairs department, members of the board provide oversight of the PAC. The board's main responsibilities include:

- Ensuring efficient and ethical operation of the PAC
- Providing superior member representation, and
- Promoting membership growth

It is a pleasure for the Board to serve you.
Board directors always welcome your feedback.

2009 bluesPAC Board Members

“The last year has shown once again that what we do, how we do it, where we do it, when and at what price are all functions of our state and federal regulatory environment. Health care and health care financing is complex business. It is incumbent upon us to educate those who seek to change the rules so they understand the implications of those changes. The reality is that in order to have that opportunity you need access and that is where the PAC funds come in to play. You have to show up to be heard.”

Jeffrey P. Rumley, Chair
Vice President and General Counsel

“bluesPAC has helped us build trusted relationships with Michigan policy leaders and educate them on issues important to BCBSM. The strength of those relationships was evident as we engaged in important policy debates surrounding national health care reform. The Michigan delegation understood the unique benefits we provide in Michigan and worked hard to protect non-profit health care.”

Lynda Rossi, Vice-Chair
Vice President, Social Mission, Public Affairs and Office of the President

“In 2009, we watched minute by minute as changes took place on the health care reform front. With the possibility of such drastic changes on the horizon, representation can make all the difference in the world. Our members should be proud of the PAC they’ve helped to build.”

Mark A. Cook, Treasurer
Vice President, Governmental Affairs

“As a highly regulated entity, it is critical that BCBSM have strong relationships in Lansing and Washington D.C. with our regulators. BluesPAC is an important tool to help us to ensure strong representation.”

Tricia Keith, Secretary

Vice President, Corporate Secretary and Services

As BCBSM employees, membership in bluesPAC provides all of us an opportunity to be heard as part of the health insurance community on Capitol Hill and in Lansing. This is especially important as we deal with issues effecting health care reform in Michigan and our nation.”

Bill Brown, Member-at-Large

Agent Liaison, Individual Business Unit

“Health care reform, individual market reform, and the current trend to terminate group retirement coverage are major issues affecting our organization. Now, more so than ever before, bluesPAC plays a critical role as we present BCBSM’s position on these legislative matters.”

Judy McChester, Member-at-Large

Marketing & Customer Relations, Ford, Chrysler & Visteon Accounts

“Through support of the PAC we are able to express our legislative views. The expression of these views is vital to the financial health of our organization. As we continue to remain financially healthy we are able to provide jobs to the Michigan economy and provide support through our strong social mission.”

Kelley J. Monterusso, Member-at-Large

Regional Sales Director

“The PAC provides BCBSM a voice in the process, not only at the federal level but most importantly at the state level. With term limits in Michigan, BCBSM needs to re-educate politicians on a regular basis as to the issues that are important to BCBSM and its business. This requires that BCBSM have access to the process. Our PAC dollars provide this much needed access.”

Laurine Parmely, Member-at-Large

Principal Counsel, Health Care Value Enhancement, Office of the General Counsel

2009 Financial Overview

With the departure of many long-time contributors, maintaining and attracting new supporters was of prime concern in 2009. The year started off strong with membership at 2,255 employees. Through April, momentum was gained creating a new highwater membership mark at 2,325 members. After April, as overall employment decreased due to the voluntary severance offer, we saw membership drop to 2,060 by year's end. While there was a decrease in membership, the participation percentage hovered around 46% the entire year.

We are very fortunate to be entering the 2010 statewide elections with adequate funds but in order to remain strong throughout the year and into 2011, we will need the continued commitment of our members. These elections will help to shape the future of our state for many years to come so it is important that we have a collective voice in Lansing and Washington, DC.

Please help to educate eligible non-members about the value of the PAC and encourage their participation.

2009 Statement of Operations

Revenue

Acknowledgement to Our Contributors

We sincerely thank each and every member for your support and commitment to bluesPAC. We are dependent upon your generous contributions to keep the PAC viable. Even in these difficult economic times, you have stayed true enabling bluesPAC to remain strong and affording us the opportunity to share our collective views with lawmakers.

Thank you again for your support!

PAC Thank You Notes

GARY PETERS FOR U.S. CONGRESS

February 21, 2009
Blue Cross & Blue Shield of Michigan PAC
602 West Ionia St. B102
Lansing, MI 48933

Dear Blue Cross & Blue Shield of Michigan PAC:

Thank you for your recent contribution to my re-election campaign for U.S. Congress. Early support, like yours, will help me to keep strong opponents out of the race.

As a member of the Financial Services committee, I am in a unique position to help our nation heal from this economic crisis. To comment in any efforts, I need and welcome your thoughts on such challenging issues as the economy, health care, and the war in Iraq, among others.

Again, I am deeply appreciative of your financial support. Although we are more than a year away from the election, my passion and commitment are steadfast. With your help, I know that we will continue to gather the support necessary to make sure that change can stay in Washington.

Please feel free to contact me anytime at (248) 737-2692 or by email at gary.petersforcongress.com.

Sincerely,
Gary C. Peters

March 31, 2009

Mr. Mark Cook
Blue Cross & Blue Shield of Michigan
602 West Ionia - B102
Lansing, MI 48933

Dear Mr. Cook,

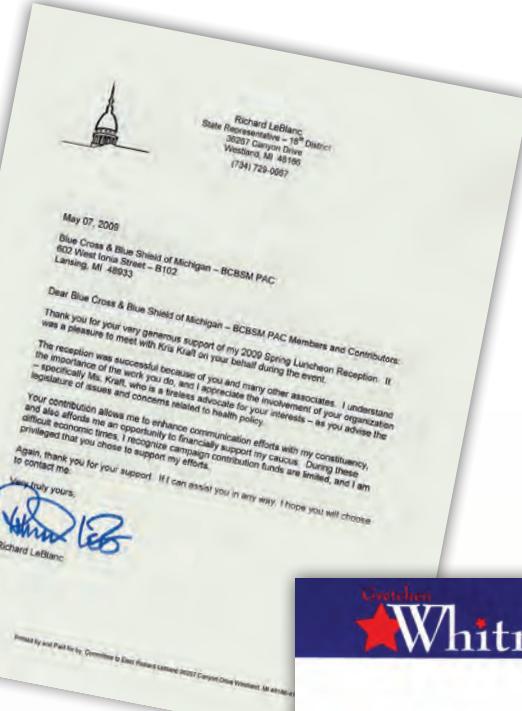

As I settle into my role as a State Representative in Lansing I remain grateful for your continued support. It is an honor and a privilege to serve the residents of the 78th district and I give this job and my commitments my best every day. You can expect that I will seek their advice and input in addition to yours as legislation moves through the Michigan House of Representatives and the Michigan Senate. Again, I am honored that you believe I am the right leader with the qualifications to represent the 78th district and your concerns in Lansing.

I continue to work hard, talking with my constituents, interest groups, and fellow colleagues in order to be prepared and informed on every issue that comes across my desk. In the district I hold regular office hours, town hall meetings, and attend as many meetings and events as my schedule will allow. During my campaign residents demanded a real leader in Lansing and I continue to fight hard for them. Again, as I prepare for the 2010 election I appreciate your continued support. Thank you.

Respectfully,

Sharon Tyler
State Representative, 78th District

FOR STATE REPRESENTATIVE DISTRICT #78
Paid for by Friends of Gary Peters for Congress

Gretchen Whitmer FOR STATE SENATE • DEMOCRAT

December 17, 2009

Mark Cook
BCBSM
602 W. Ionia
Lansing, MI 48933

Dear Mark,

Thank you for your generous contribution. This is going to be an important election year and success would not be possible without your help. The generosity and commitment of friends like you never fails to astound and encourage me.

Again, thank you so much.

Gratefully,

Gretchen Whitmer

Thank you!
